Professional Summary

Android Developer with 7+ years of experience building scalable, high-performance Android apps using Jetpack Compose, Kotlin, and Multi-Module Architecture. Specialized in real-time systems (WebSockets, Solace), modular codebases, and feature optimization. Proven track record of reducing UI lag, improving build times, and boosting user engagement. Seeking to join a forward-thinking tech company to deliver impactful mobile experiences.

Core Skills

Languages: Kotlin, Java

Android: Jetpack Compose, Android SDK, Architecture Components, LiveData, ViewModel

Architecture: MVVM, MVI

Frameworks/Tools: Hilt, Retrofit, OkHttp, Coroutines, Flow, Room, Firebase

Testing: JUnit, Mockito

Version Control: Git, Bitbucket

Tools: Android Studio, Postman, Zeplin

Professional Experience

Neosoft, India - Senior Software Engineer (Android Developer)

March 2024 - Present

- Integrated Solace Messaging and WebSockets for real-time stock price updates with ultra-low latency.
- Implemented Unit Testing using JUnit and Mockito to ensure app reliability.
- Collaborated with design and backend teams to optimize UX and performance.

PayNearby, India - Senior Software Engineer L1C (Android Developer)

July 2021 - December 2023

- Introduced Multi-Module Architecture, improving build speed and maintainability.
- Developed reusable AAR module for centralized permission handling.
- Integrated scratch cards, Zendesk, and Clevertap to increase engagement by 30%.
- Optimized performance using MVVM, Coroutines, and Flow (UI lag reduced by 40%).

Kanalytics, India - Senior Software Engineer (Android Developer)

September 2019 - July 2021

- Built hybrid apps with Ionic 1 & 4 for Android and iOS.
- Led UI design and deployment processes for mobile apps.

Codetreasure Technologies LLP, India - Android Developer

August 2018 - September 2019

- Developed apps in insurance, transport, and digital business sectors.
- Implemented Google Maps and Socket.io live chat.

Key Projects

Truemeds - E-commerce Medicine App

- Improved API performance and modularity by 85%.
- Google Play: play.google.com/store/apps/details?id=com.intellihealth.truemeds

PayNearby & NeoDukkan

- Google Play: play.google.com/store/search?q=paynearby&c=apps

Kwicky Kanalytics

- Google Play: play.google.com/store/apps/details?id=kanalytics.dashboard.Kwicky

Linkcards Business Cards

- Google Play: play.google.com/store/apps/details?id=com.ct.linkcardapp

Education

- BSc IT - Thakur College of Science & Commerce (2016 - 2019)

Certifications

- Programming in Java - NIIT
- Android Jetpack Masterclass - Udemy
